

Dokka Fasteners

FAST TRACK

With the Dokka Fast Track system, we can respond quickly to your large diameter bolt requirements, regardless of the length. With one call to us, we can help get you back "on track" with your production needs.

The Dokka Fasteners Fast Track system provides you with a secure transaction: high quality product delivered on time. We guarantee availability of large diameter bolts in multiple lengths, when you need them, in the quantity you need.

Our Fast Track system is engineered for short lead time/small lot size production runs, featuring a fully stocked inventory of heat treated blank bolts in the most popular sizes.
